Funding Available to Support Tree Planting Projects in City of Watertown

The Northern New York Community Foundation encourages any non-profit organization or government entity to apply for up to \$3,000 in grant funding for tree planting initiatives in the City of Watertown. Grant support is made possible through a fund established through the estate of Carolyn Whitney and a gift from T. Urling and Mabel B. Walker. Last year, funding was awarded to the city of Watertown to assist with tree planting projects at North Elementary School and Watertown High School. Nearly 40 new trees were planted on the two campuses.

The deadline to submit a grant application for consideration is no later than April 21, 2017. For more information, please contact Max DelSignore, Community Foundation assistant director, at (315) 782-7110 or via email at max@nnycf.org.

The Northern New York Community Foundation makes grants to support the work of non-profit organizations and provides scholarships to individuals in Jefferson, Lewis and St. Lawrence Counties. The Foundation has been built and added to from gifts (both while living and through their legacy plans) by individuals and organizations committed to meeting the changing needs of Northern New York, as well as supporting specific charitable interests and passions.
